

The image features five glass pendant lights of different sizes and shades of blue and green, hanging from a dark, textured background. The lights are arranged in a scattered pattern, with some larger and some smaller. Each light has a visible filament bulb inside. The text "R & S Robertson Glass Collection" is overlaid on the left side of the image.

# R & S Robertson

## Glass Collection

## About Us

For over 80 years R&S Robertson has been at the forefront of designing and supplying quality decorative lighting. Starting as a family business, and now operating as part of a larger group of companies, we have the scale to work on any size of project whilst remaining passionate about projects both large and small.

Supplying predominately the hotel, leisure and hospitality industries, we also have huge experience working with the healthcare sector, high-end residential, the marine sector, and commercial spaces. From our headquarters in Edinburgh R&S Robertson combine a personal approach to decorative lighting solutions with the security of a larger organisation.

## Manufacturing

For over 14 years R&S Robertson's primary manufacturing partner has been based on the Continent, allowing us to produce high quality bespoke lighting without the quantity and lead time restrictions associated with the Far East. Working in unison with our in house design team we have the capability to assist with turning sketches into visualisations, and in turn sampling.

## Design

Designers can if they wish choose from a wide range of standard fittings, able to be altered and produced in different finishes. Alternatively we can work together to create entirely bespoke pieces. Regardless, we always strive to maintain R&S Robertson's standard 5-6 week manufacturing lead time.

In addition to this we distribute for a plethora of known brands, from the UK as well as further afield.

## Values

As a tight-knit team R&S Robertson pride ourselves on our values and ethos. Relationships are at the core of what we do and we pride ourselves on our honest, reliable work. We have a commitment to and enjoy engaging with all project stakeholders, and ensure we're always available to assist at every stage of a project – from inception to after care.

We continuously strive to improve our service and product offering, and in doing so define our position as leaders in providing innovative and creative lighting solutions.

## Quality

R&S Robertson understand the importance of quality fittings to fit contract requirements – fittings in this setting must be robust and designed to withstand the high level of usage. Fittings are not only QC'd in R&S Robertson's European ISO9001 accredited manufacturing facility, but are also checked again once they arrive in Edinburgh for distribution to projects on a 24 hour call-off.

## Project Support

If you require assistance with your decorative lighting project, the team at R&S Robertson is on hand to help. At the point of initial enquiry you will deal with one of our experienced team members, who in turn will liaise with production experts on your behalf - pulling together drawings, proposals and pricing to populate your lighting schedule, or working through a design, drawings and prototyping process.

The team at R&S will then liaise with any external partners such as contractors and wholesalers, and will assist in ensuring a coherent delivery schedule is established.
